Re: Declaring lockers from Jail Surplus

I would like to declare lockers removed from the Jail Male Work Release housing unit surplus to be sold at the December 12, 2015 auction held by the Sheriff's Office.

These lockers have been in place since 1997 and we have been experiencing issues with them deteriorating. Metal pieces have broken off or been removed by inmates which causes a contraband problem and material for weapons to be manufactured.

We removed the lockers several months ago and our maintenance staff used parts from some of the damaged units to get others into working order. We do not have another use for these and do not have storage for them; they are currently out in the weather. I have included a photo of some of the lockers in question.
