We generally have two pick up locations in yamhill county and require the surrounding rural areas to bring athletes into those two locations for pick up and drop off. First Student bussing charges their fee depending on the location of the drop off and how long the driver is engaged.

We only provide transportation for our competing athletes & coaches. We will not transport parents, siblings or other non-competing individuals. Athletes are individuals with intellectual and physical disabilities who are members of our local program.

Service coordination

Describe plans to coordinate with other transportation services. Explain and identify why other Resources/services do not fulfill the need indicated in the application:

Our athletes travel to the Portland metro area, Corvallis, Beaverton, Medford and Grants Pass. Common daily bus transportation does not go to the facilities they need to be delivered to. We cannot rely on parents and providers getting the athletes to the competition locations in a timely manner. We do have an excellent relationship with Advancements and borrow transportation whenever possible however longer travel or overnight events does not allow us to always borrow transportation.

What are your organization’s procedures for making client referrals for additional services for services you are unable to provide?

N/A

Why is the organization requesting STF?

We do not charge our athletes for anything related to the sporting seasons. The funding for transportation now falls solely on the local program to raise and provide transportation funds. The state office of special Olympics does not pay for transportation. Getting to the competitions is important for the athletes to see their practice and hard work end with accomplishments. With the recent upheaval at the state office and there restrictions ,the local programs must now pay for both housing and transportation for athletes. How many athletes we can send will depend on the funds available throughout the year. The more we can offset expenses the more athletes will be able to participate in competitions.

Describe significant unanticipated income or expenditures during the 2019-2021:

Is the level of service proposed for 2019-2021 different than the 2017-2019 level of service?

If so, please explain the reasons and describe the impact on the 2019-2021 budget:

The state Special Olympics is currently not providing state competitions. Regional competitions will resume in the Fall of 2019. This will include bowling, swimming and volleyball regionals. Currently at the local program level, we are still competing with other regional programs (Polk, Marion, Washington co. etc..) in order to keep our athletes engaged. However these opportunities are not on the scale as was seen in the past. Our teams are smaller because of the lack of official state games this has resulted in some athletes not coming out to practice.

For the 2020-2021 season the state is expecting to resume the state games & regional games for the various sport seasons, this will increase our transportation costs in that fiscal year and bring them back to what is considered a normal level, at a minimum of 15 competitions to transport the athletes to.

Please explain any changes in ridership of 5% or more:

2019-2020= rides down due to lack of state hosted competitions in Medford and Corvallis. Many athletes thought there would be no special Olympics sports this year and/or they don't want to commit the time if the state is not offering competitions as the state and regional level.

2020-2021= rides resuming with the reinstatement of state hosted competitions. Athletes are expected to return to the more normal ridership to the competitions that are available.

SERVICE AREA – Transportation is provided to and from athletic competition within the State of Oregon. Additionally, when we are out of town, athletes are transported from the lodging location to the competition venue and other event locations as needed.

This year State Summer Games are in Corvallis. The various seasonal sporting events during this year will take the athletes to Corvallis, Medford, Banks, Gresham, Hillsboro, Beaverton and Newberg.

The athletes are able to showcase their talents and strengths here at home and on the road, competing for Yamhill County and for the people who have supported them for all these years.

PASSENGERS SERVED– The passengers we transport are Special Olympic Athletes. To be eligible to compete in Special Olympics, the athletes must be at least eight years old and identified by an agency or professional as having one of the following conditions: intellectual disability, cognitive delays as measured by formal assessment, or significant learning or vocational problems due to cognitive delay that require or have required specially-designed instruction. Athlete in Yamhill County ages range from 8 to 80, with the average age being 35. Our local

program has grown by 2% in the last year. Yamhill County Special Olympics has the largest number of wheelchair competing athletes in the state of Oregon.

We will also transport coaches and chaperones. All passengers transported are either disabled or coaches or chaperones who provide services to the disabled only. We do not transport family members, unless they are serving as a chaperone or coach. Spectators are responsible for their own transportation.

PROGRAM DESCRIPTION – Special Olympics is a worldwide organization, sanctioned by the International Olympics Committee, dedicated to providing sports, training and competition opportunities for individuals with intellectual disabilities.

EQUIPMENT – Yamhill County Special Olympics does not own or operate any transportation equipment. We purchase our transportation from approved providers that meet our needs. Often, we rent vans from MV-Advancement or buses from First Student in McMinnville. We also rent vehicles from Enterprise Rental in both Newberg and McMinnville. On occasion we are able to partner with MV-Advancement and borrow a van but this is for limited passenger riding.

DAYS AND HOURS – The days and hours are determined by the competition schedule. We have competitions for Winter Sports, Summer Sports and Fall Sports. Each sports season has at least one competition. The location of the competitions is determined by the State program.

COST PER RIDE – Cost per ride varies considerably depending on the number we transport and the distance we travel. Each trip is going to be different. You can be assured that we look at all possibilities and choose the least costly and safest option for our athletes.

FARES OF CHARGES TO RIDERS – Special Olympics does not charge riders. The cost of transportation is the responsibility of the local program not the athletes, volunteers or parents.

ACCESS – This service is specific to the competition. Athletes are notified of transportation details prior to each competition by their coaches and chaperones. Typically, it is the responsibility of the athlete to get to a pickup point in McMinnville and Newberg. Occasionally, athletes that are not participating in the particular sport will be allowed to ride, especially if they trained for the sport and then were not able to participate because of a physical limitation

LIMITATIONS – Transportation is limited to Oregon Special Olympics sponsored competitions within the State of Oregon and to Oregon Special Olympics Yamhill County Local Program events. Although not often, the local program will sponsor an event and provide transportation.

Because of the growing number of athletes in the Newberg area, we have added a pickup at Springbrook Place in Newberg for each competition. This year for basket ball, we had one team and several individual skills that trained in the Newberg area. The more our program grows the more challenging providing transportation will become.

The driver responsibilities are strictly to drive the bus. Chaperones and coaches see to the needs of the passengers while they are on the bus. Whenever we travel overnight, the local program provides food and lodging for the driver.

Transportation is one of our biggest expenses and without transportation; we cannot have a quality program that offers training and competition. We have a crew of volunteers who are constantly working to improve the program. Our goal, as Local Program Coordinators, is to be able to provide funding so volunteers can concentrate on working with the athletes in the sports endeavors of their choice rather than working on fund-raising efforts.

We are also working to build lasting partnerships with community, providers and families. A positive public image is the cornerstone of a successful program. Special Olympics enjoy 97% name recognition throughout the United States. In Yamhill County, we are truly blessed with community that cares and shares. Winning doesn't happen at the finish line, it happens in the heart. Special Olympics is sports in its truest sense. The goal is not to win, but to try. Eunice

Shriver Kennedy put it this way; "No records are broken in Special Olympics except those of courage, determination and sportsmanship".

EXHIBIT D: Insurance Requirements

GENERAL

Provider shall require in its first tier sub agreements with entities that are not units of local government as defined in ORS 190.003, if any, to: i) obtain insurance specified under TYPES AND AMOUNTS and meeting the requirements under ADDITIONAL INSURED, "TAIL" COVERAGE, NOTICE OF CANCELLATION OR CHANGE, and CERTIFICATES OF INSURANCE before performance under the sub agreement commences, and ii) maintain the insurance in full force throughout the duration of the sub agreement. The insurance must be provided by insurance companies or entities that are authorized to transact the business of insurance and issue coverage in the State of Oregon and that are acceptable to YC. Provider shall not authorize work to begin under sub agreements until the insurance is in full force. Thereafter, Provider shall monitor continued compliance with the insurance requirements on an annual or more frequent basis. Provider shall incorporate appropriate provisions in the sub agreement permitting it to enforce compliance with the insurance requirements and shall take all reasonable steps to enforce such compliance. In no event shall Provider permit work under a sub agreement when Provider is aware that the contractor is not in compliance with the insurance requirements. As used in this section, "first tier" means a sub agreement in which the Provider is a Party.

TYPES AND AMOUNTS.

- i. **WORKERS COMPENSATION.** Insurance in compliance with ORS 656.017, which requires all employers that employ subject workers, as defined in ORS 656.027, to provide workers' compensation coverage for those workers, unless they meet the requirement for an exemption under ORS 656.126(2). Employers liability insurance with coverage limits of not less than \$500,000 must be included.
- ii. **COMMERCIAL GENERAL LIABILITY.** Commercial General Liability Insurance covering bodily injury, death, and property damage in a form and with coverages that are satisfactory to YCTA. This insurance shall include personal injury liability, products and completed operations. Coverage shall be written on an occurrence form basis, with not less than the following amounts as determined by YC: Bodily Injury, Death and Property Damage: \$1,000,000 per occurrence (for all claimants for claims arising out of a single accident or occurrence).
- iii. **AUTOMOBILE Liability Insurance: Automobile Liability.** Automobile Liability Insurance covering all owned, non-owned and hired vehicles. This coverage may be written in combination with the Commercial General Liability Insurance (with separate limits for "Commercial General Liability" and "Automobile Liability"). Automobile Liability Insurance must be in not less than the following amounts as determined by YC:

Bodily Injury, Death and Property Damage:

\$1,000,000 per occurrence (for all claimants for claims arising out of a single accident or occurrence).

ADDITIONAL INSURED. The Commercial General Liability Insurance and Automobile Liability insurance must include YC, YCTA, its officers, employees and agents as Additional Insureds but

only with respect to the contractor's activities to be performed under the Subcontract. Coverage must be primary and non-contributory with any other insurance and self-insurance. "TAIL" COVERAGE. If any of the required insurance policies is on a "claims made" basis, such as professional liability insurance, the contractor shall maintain either "tail" coverage or continuous "claims made" liability coverage, provided the effective date of the continuous "claims made" coverage is on or before the effective date of the Subcontract, for a minimum of twenty-four (24) months following the later of : (i) the contractor's completion and Provider's acceptance of all Services required under the Subcontract or, (ii) the expiration of all warranty periods provided under the Subcontract. Notwithstanding the foregoing twenty-four (24) month requirement, if the contractor elects to maintain "tail" coverage and if the maximum time period "tail" coverage reasonably available in the marketplace is less than the twenty-four (24) month period described above, then the contractor may request and YC may grant approval of the maximum "tail" coverage period reasonably available in the marketplace. If YC approval is granted, the contractor shall maintain "tail" coverage for the maximum time period that "tail" coverage is reasonably available in the marketplace.

NOTICE OF CANCELLATION OR CHANGE. The contractor or its insurer must provide thirty (30) days' written notice to Provider before cancellation of, material change to, potential exhaustion of aggregate limits of, or non-renewal of the required insurance coverage(s).

CERTIFICATE(S) OF INSURANCE. Provider shall obtain from the contractor a certificate(s) of insurance for all required insurance before the contractor performs under the Subcontract. The certificate(s) or an attached endorsement must specify: i) all entities and individuals who are endorsed on the policy as Additional Insured and ii) for insurance on a "claims made" basis, the extended reporting period applicable to "tail" or continuous "claims made" coverage. The Provider shall immediately notify YC of any change in insurance coverage.
