RE: Solid Waste surplus

We would like to declare the following Solid Waste assets as surplus and to be sold at Publicsurplus.com. This panel truck and trailer were originally purchased to transport materials from the Household Hazardous Waste collection events. For several years now the contractor for the event has supplied their own transportation. This truck and trailer are not suitable for the field work that we do, and they are rarely used. Therefore, we no longer need this panel truck and trailer and would like for them to be sold. We would like the proceeds to be used to buy a new truck to support the solid waste and septic inspection programs.

Unit # P-084 a 1998 Freightliner FL80

Unit # T-015 a 2004 Towmaster trailer

(Unit P-084 and T-015 were both originally purchased in May of 2005.)
