Subject: Public Disposal Rate for Riverbend Landfill and Recycling Center

Dear Commissioners:

I know I speak for all of us at Waste Management when I say we consider it a privilege to provide Yamhill County safe and professional environmental services as well as recycling and renewable energy.

As you know, Section 5.0 of the Riverbend Landfill Company (RLC) Solid Waste Disposal License Agreement with Yamhill County provides for an adjustment for the landfill fees each July 1. The fees are to be adjusted by a percentage amount equal to 0.85 times the percentage change in the Consumer Price Index (CPI) for all Urban Consumers of West-A, as reported for the twelve-month period ending January 31 of the same year. The CPI adjustment is \$1.00/ton.

This adjustment will change the current tip fee from \$39.80/ton to \$40.80/ton. Please find attached a rate schedule showing the changes to the current rates.

If you have questions or need more information about our services, please contact me or go to our website at riverbend.wm.com. Thank you for the opportunity to serve you.

Sincerely,
Riverbend Landfill Company
