## YAMHILL COUNTY BOARD OF COMMISSIONERS COVERSHEET

**DATE:** August 20, 2020  
**TO:** Board of Commissioners  
**FROM:** Mark Lago, Public Works Director  
**RE:** Proposed 2025 – 2027 Local Bridge Program (LBP) Project list for Yamhill County

### **BACKGROUND:**

The Local Agency Bridge Selection Committee (LABSC) is soliciting local bridge project applications for 2025 – 2027 funding under ODOT's Local Bridge Program. Applications are due October 16, 2020.

Public Works has reviewed the Yamhill County bridge projects that are eligible for this funding. We currently have 30 bridges on the eligible projects list supplied by ODOT. One of the eligible projects is a bridge that we have surrendered to the City of McMinnville. Two of the projects are in County Parks. The remaining 27 bridges are on the county-maintained road system. A copy of the "Tentative Eligibility List" is attached for your reference.

Public Works staff reviewed the eligible bridges on our road system taking into account the average traffic, length of detour, heavy haul truck route, fire access, the sufficiency rating of the bridge, and staff experience with the bridge. Our recommendation for projects to apply for funding in our priority order is:

- Bridge #11501, Deer Creek, Deer Creek Park Road (bridge is funded and shown in the STIP)
- Bridge #11742, Coast Creek, Willamina Creek Road
- Bridge #11526, N Yamhill River, Old Railroad Grade Road
- Bridge #11629, Ash Swale, Patty Lane
- Bridge #11822, Deer Creek, Gopher Valley Road
- Bridge #11518, Turner Creek, Hacker Road

Note: See vicinity map and individual bridge pictures attached

B.D.20-285

Should some or all of these bridges be selected for funding, the County would be expected to provide 10.26% of the eligible project cost. This will need to be provided in the Public Works budget during the 2025 – 2027 budget cycle.

**STAFF RECOMMENDATION:**

Authorize the department to proceed with the application process for these five bridges (not including Bridge #11501 which is already funded) in the priority order given above.

**FISCAL IMPACT:**

None currently
