

Rotarian Action Group for Peace Peace Pole Application

A Peace Pole is a monument that displays the message "May Peace Prevail on Earth" in the language of the country where it is placed. It usually displays 3 to 7 additional languages meaningful to the host site. The message is referred to as an affirmation of peace and its placement furthers our goal of building a culture of peace throughout the world.

Peace Poles are intended to inspire unity among people of all cultures, ethnicities and backgrounds. We recommend a Peace Pole ceremony to accompany the planting of each pole and this ceremony can be held annually. Many prefer the week of September 21, International Day of Peace, for such an occasion. The Jubitz Family Foundation subsidizes the cost of the poles delivered within the United States. In addition, a placement fee is contributed to the Rotarian Action Group for Peace to manage the ordering process and to sustain our work. Please select from the options below:
