TO: Yamhill County Board of Commissioners; Ken Huffer, County Administrator;
 Justin Hogue, Business Services Director

FROM: Shane Hoffman, IT Manager

SUBJECT: Purchase Security Hardware/Software for 2021-22 Fiscal Year

ATTACHMENTS (2): Quote, IT PO

Request:

IT is requesting Board of Commissioners' authorization to purchase security hardware and software for 2021-22 fiscal year. The security product was presented as part of the Information Technology 2021-22 budget presentation. As per quote this is a four-year agreement with a total cost of \$404,456, and a yearly cost of \$101,114. The security product will provide better protection for our workforce and data from sophisticated attackers, by detecting, investigating, and in some cases responding to cyber threats in real time. It will also allow us to have visibility on user account compromises as well as potential lateral movement inside the County network. This will also show us potential CJIS and HIPAA violations for data sharing/data exfiltrations that are currently difficult to find. The funding for fiscal year 2021-22 will be paid for as follows:

010-017-801.04 - \$70,779.80	048-014-801.23 - \$30,334.20
Total Cost:	\$101,114

Adhering to our purchasing rules, I received three quotes from three different vendors from which to purchase security products. [REDACTED]

[REDACTED] The cost comparisons are as follows:

Vendor - Product	Cost
[REDACTED]	\$101,114
[REDACTED]	\$110,607.32
[REDACTED]	\$133,800.00

Thank you for your time and consideration.

Regards
 Shane J Hoffman
