**Subject:** New Investment Advisory Committee candidates  
**Attachments:** Bill Sweat-Local Investment Advisory committee.pdf; Kevin Chambers - Local Investment Advisory Committee Application.pdf

Good morning all,

We are very fortunate to have two outstanding candidates complete applications to serve on our Local Investment Advisory Committee. (For you reference I will now be referring to this committee as LIAC 😊) I have attached both of their applications for your review

William (Bill) Sweat has 25 years of management experience with investments at Fidelity Investments. He has an MBA from Boston College. He is also a highly respected local business owner, Winderlea Wine Company, in Dundee. He has experience serving on many boards.

Kevin Chambers is a Managing Partner and Lead Advisor with McMinnville's well know advisory firm, Headwater Investments. He has a MBA from Willamette University. Kevin's firm manages over 300 million investment funds for local businesses, local non-profits and citizens. He is the past President of the McMinnville Noon rotary and serves on multiple McMinnville committees.

I intend, with your approval, to invite both Kevin and Bill to serve on LIAC as valuable members as we move forward in this transition economy.

Thanks,  
Kris
