Subject: FW: Yamhill Voting System contract

Good afternoon,

Please see the email below and the master agreement attached. This is a request for the approval of the upgrade of our vote tally system to version 2.7 in the amount of \$35,832.20. In addition to being up-to-date with the most recently state and federally approved version of the vote tally system each machine is also encrypted and much more secure. Our original master agreement is still in effect and our annual license and support fee covers our system and any upgrades that occur during. I am submitting this item to the agenda for consideration at the BOC meeting on Thursday, March 23rd to be ratified. The modernization grant funds will be used to cover the cost of this upgrade. If you have any questions please let me know.

Thanks,

Keri Hinton

Keri,

You asked if the quotes you received for the system upgrade to version 2.7 become part of the existing contract. The answer is that yes, they do.

Refer to the last sentence on item #1 of our contract, page 2. I've attached the contract for you.

Thank you for your partnership.
