Access to be granted under this Agreement relates to OHA's Health Policy and Analytics Division.

1. PURPOSE.

- 1.2. The terms and conditions of this Agreement govern PE's:
 - 1.2.1. Use of Data.
 - 1.2.2. Access to State of Oregon Information Assets and Systems.
- 1.3. PE needs the Access described in Exhibit A, Third Party Information System Access Request (MSC 0785), which is hereby incorporated into this Agreement by reference.

2. AUTHORITY.

- 2.1. Agency has authority to share access under Federal Certified Community Behavioral Health Clinic (CCBHC) Certification Criteria.
- 2.2. PE has authority to receive access under Federal Certified Community Behavioral Health Clinic (CCBHC) Certification Criteria.

Board Order No. 24-57

3. **TERM.** This Agreement is effective upon execution and (subject to periodic review by Agency) is effective unless terminated by either party in accordance with Section 11, Suspension or Termination.
4. **DEFINITIONS.** The following definitions apply to this Agreement.
 - 4.1. "Access" means the ability or the means necessary to read, communicate, or otherwise use State of Oregon Data, Network and Information Systems, and Information Assets.
 - 4.2. "Breach" means the acquisition, access, exposure, use, disclosure, of an Information Asset (such as Data) in a manner not in compliance with applicable law, rule, or policy, or data loss, misuse, or compromise.
 - 4.3. "Client Records" includes any client, applicant, or participant information regardless of the media or source, exchanged between the parties. Client Records may be for clients of Agency, PE, both, or another entity.
 - 4.4. "Data" means information created, transmitted, and stored pursuant to this Agreement, including metadata, personal information, and Client Records.
 - 4.5. "Incident" means the attempted or successful unexpected or unwanted unauthorized access, use, disclosure, modification, or destruction of any Network and Information System or Information Asset. An Incident is an observable, measurable occurrence that is a deviation from expected operations or activities. An incident may be a Breach, failure to protect a User's identification (ID), or theft of computer equipment that uses or stores any de-identified Data.
 - 4.6. "Individual Access Request (IAR)" refers to the Agency's form used to authorize a User, identify the User's job assignment, and the required access to Network and Information System(s). It generates a unique alpha/numeric code used to access the Agency's Network and Information Systems.
 - 4.7. "Information Asset(s)" refers to all information provided through the Agency, regardless of the source, which requires measures for security and privacy. Includes Data.
 - 4.8. "Network and Information System(s)" or "Systems" means the State of Oregon's computer infrastructure which provides personal communications, Data, and Information Assets, regional, wide area, and local networks, and the internetworking of various types of networks.
 - 4.9. "User" means any individual (authorized or unauthorized) who Accesses the Network and Information Systems or Information Assets through PE's Access under this Agreement. Authorized Users each have an assigned unique log-on identifier.
5. **AMENDMENTS.** Other than as allowed under this section, the parties may amend this Agreement only via a written amendment executed by both parties that clearly recites

the parties' understanding and intent to amend the Agreement, and clearly and with specificity describes the terms to be amended or supplemented.

- 5.1. **Point of Contact Changes.** Each party will provide timely notification to the other of any change of its respective point(s) of contact, including any technical lead, and will name an interim or replacement person in any such notice. This Agreement will be deemed amended to include the updated information.
- 5.2. **Administrative Changes.** Either party may request updates to Exhibit A that are, in the sole discretion of Agency's Information Security and Privacy Office, administrative in nature and do not modify the mode of Access or type of Data by submitting a written request to the other party. Upon written authorization of both parties and subsequent written approval by Agency's Information Security and Privacy Office, Exhibit A will be deemed amended to include the updated information.

6. NOTIFICATIONS.

- 6.1. **Points of Contact.** The parties have designated their respective points of contact in Section 27, Signatures. The parties will facilitate direct communication between their points of contact. The parties will provide timely written notification to the other of any changes in point of contact information.
- 6.2. **Incident and Breach Notifications.** In the event PE or its subcontractors or agents discover or are notified of an Incident or a Breach, including a failure to comply with PE's confidentiality obligations, PE shall notify the Agency's point of contact, identified in Section 27, Signatures, of the Incident or Breach immediately, and in no event more than 24 hours following discovery or notification. If the State of Oregon determines that the Incident or Breach requires notification of Agency's clients, or other notification required by law, the State of Oregon will have sole control over the notification content, timing, and method, subject to PE's obligations under applicable law. Notwithstanding the foregoing, the parties acknowledge and agree that this section constitutes notice by PE to Agency of the ongoing existence and occurrence of security incidents that are "unsuccessful," such as "pings" on a firewall, and do not represent Incidents or Breaches.
- 6.3. **Requests for Data.** In the event PE receives a third-party request for Data, including any electronic discovery, litigation hold, or discovery searches, PE shall first give Agency notice and provide such information as may be reasonably necessary to enable the State of Oregon to protect its interests.

- 6.5. **Notices.** Except as otherwise expressly provided in this Agreement, any communications between the parties or notices to be given under this Agreement must be given in writing to PE's point of contact, and in writing to Agency's point

of contact, or to such other addresses or numbers as either party may hereafter indicate pursuant to this Agreement.

- 6.5.1. Any communication or notice delivered by United States Postal Service, first class mail postage prepaid, will be deemed given five (5) calendar days after mailing.
- 6.5.2. Any communication or notice delivered by email will be deemed given when the recipient responds with a receipt, which may be auto-generated. To be effective against Agency, such email transmission must be confirmed by telephone notice to the Agency's point of contact (or delegate).
- 6.5.3. Any communication or notice by personal delivery will be deemed given when actually received by the appropriate point of contact (or delegate).

THE STATE IS NOT LIABLE UNDER THIS AGREEMENT FOR ANY CLAIM RELATING TO THE ACCESS, THE INFORMATION ASSETS, RELATED DOCUMENTATION, OR ANY LICENSE GRANTED TO SUPPORT PE'S ACCESS, UNDER ANY BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, STRICT LIABILITY, OR ANY OTHER LEGAL OR EQUITABLE THEORY.

21. GOVERNING LAW; JURISDICTION; VENUE. This Agreement is governed by and construed in accordance with the laws of the state of Oregon without regard to conflicts of laws. The sole and exclusive jurisdiction and venue for actions related to the subject matter of this Agreement is the Circuit Court of the State of Oregon for Marion County. In the event a claim must be brought in federal court, the jurisdiction and venue for such action is the United States District Court for the District of Oregon. PE HEREBY CONSENTS TO THE PERSONAL JURISDICTION OF THESE COURTS, WAIVES ANY OBJECTION TO VENUE IN THESE COURTS, AND WAIVES ANY CLAIM THAT THESE COURTS ARE INCONVENIENT FORUMS. In no way may this section or any other term of this Agreement be construed as (i) a waiver by the State of Oregon of any form of defense or immunity, whether it is sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States, or otherwise, or (ii) consent by the State of Oregon to the jurisdiction of any court.

- 22. COUNTERPARTS.** This Agreement may be executed in several counterparts, all of which when taken together constitute one agreement, notwithstanding that all parties are not signatories to the same counterpart. Each copy of the Agreement so executed constitutes an original.
- 23. BINDING EFFECT.** The persons signing below have the right and authority to execute this Agreement and no further approvals are necessary to create a binding agreement.

Section 3. Access description

Reason for access

Describe in detail the [business need](#) for access:

All Community Certified Behavioral Health Clinics (CCBHCs) in Oregon need access to internal Behavioral Health Analytics (BHA) Power BI reports housed within the BHA Power BI Workspace. Federal CCBHC Certification Criteria outlines the following need for access: "States participating in the Section 223 Demonstration program are expected to share the results from the State-Collected measures with their Section 223 Demonstration program CCBHCs in a timely fashion". This language is found on page 43 of the federal criteria document: <https://www.samhsa.gov/sites/default/files/ccbhc-criteria-2023.pdf>

The data will be sourced from both the CCBHC-based electronic health records (EHRs) as well as from the Oregon Medicaid Management Information System (MMIS), the Measures and Outcomes Tracking System (MOTS) and the Mental Health Statistics Improvement Program (MHSIP). Though the reports will not display any client-level data, the reports cannot be shared publicly as they will display federally-mandated quality performance metrics specific to each CCBHC. The CCBHCs have not approved of this information being released publicly, nor have they approved of sharing their performance metric results amongst other CCBHCs. The BHA team needs to share these individual reports exclusively with the aforementioned third party for purposes of quality improvement and clinical monitoring. Once the CCBHC viewer opens the link, they will need to login using their assigned OHA email account, password and multi-factor authentication.

Given that these reports cannot be shared publicly or shared with other CCBHCs, CCBHCs will access their individual reports as "viewers" only through a secure link that is provided by the BHA Power BI Workspace administrator, Jonnaliz Corbett (jonnaliz.r.corbett@oha.oregon.gov). Once the CCBHC viewer opens the link, they will need to login using an assigned OHA email account. For this reason, third party viewers need network login credentials, including an OHA email account, password and multi-factor authentication (MFA).

Requested access start date: _____

Method of access

Check all methods the third party will use to access DHS/OHA information systems.

- DHS/OHA on-site Will only use DHS/OHA supplied PC, laptop or workstation: Yes No
- Remote access via **VPN** Will only use DHS/OHA supplied PC, laptop or workstation: Yes No
- Remote access via **Citrix**
- Access to folder on **Secure File Transfer Protocol (SFTP) server**
- Other (*explain below*): Will only use DHS/OHA supplied PC, laptop or workstation: Yes No

CCBHCs will access individual reports as "viewers" only through a secure link that is provided by the BHA Power BI Workspace administrator, Jonnaliz Corbett (jonnaliz.r.corbett@oha.oregon.gov). Once the CCBHC viewer opens the link, they will need to login using their assigned OHA email account, password and MFA through the Microsoft Authenticator application. Further, a link can only be opened by a CCBHC user who has been granted access to view that specific report by the BHA Power BI Workspace administrator. CCBHC report viewers do not need a Power BI Pro account in order to view the reports as they will be able to access the report through Power BI Service, which is the free cloud-based software.

Access and information flow will occur from:

DHS/OHA to third party (i.e., third party has access to DHS/OHA's information assets and systems)

Scope of access

List all system names the third party needs to access. (*This form authorizes access for the third-party organization as a whole. A partner number [P#] and a network login are needed to access the following information systems. The system-specific individual user access request forms must be used to request access for individual third-party employees using the system.*)

System 1
Name of system: Power BI
Type of access requested: View only (please describe):
Description of access: Designated CCBHC users will be granted access as a "viewer" of individual reports housed in the OHA_HA_BH_CCBHC Power BI Workspace. Report viewers can interact with the report along with exporting visuals and summary tables displayed, though they cannot access the underlying datasets. The data in the underlying datasets originates from CCBHC EHRs as well as from MMIS, MOTS and MHSIP. This workspace was created as an added layer of security to prevent CCBHCs from potentially gaining access to other reports produced by the Behavioral Health Analytics team. Though all CCBHC Power BI reports will be housed in the OHA_HA_BH_CCBHC workspace, the BHA Power BI Workspace administrator will be able to control access on a report-by-report basis. For reports created solely for a specific CCBHC, only viewers associated with that CCBHC will be granted access the report.
