If you could, please add the following to the March 7, 2024, agenda:

- Consideration to authorize the Planning Director to sign a written notice of election to use the “Sequential UGB Review Process” found under ORS 197.626(3) and OAR 660-025-0185 for the City of Newberg.

Scot Siegel, Newberg Planning Director, has asked for the County to approve of the Newberg Sequential UGB Work Plan for submittal to DLCD. This is the same process the Board reviewed and approved for the City of McMinnville on December 21, 2023. Newberg staff has asked for this to be reviewed on March 7, 2024, and they will be available to answer any questions. Attached are the documents supporting the request for the Board’s packet.

Let me know if you have any questions.
