

YAMHILL COUNTY ASSESSMENT & TAX

Derrick C Wharff
Assessor and Tax Collector

Request for Special Assessment of Farmland in an Exclusive Farm Use Zone

Farmland in an exclusive farm use zone can be specially assessed if it meets all the requirements of ORS 308A.050 to 308A.129. To qualify, the land must be in “farm use” as defined in ORS 308A.056. For more details including accepted farming practices and potential additional taxes for this program, see our website at www.yamhillcounty.gov/assessor.

No application is required for special assessment as EFU farmland. However, our office provides this form so owners may notify us when their land is in farm use to ensure timely approval. **This form is accepted year-round but must be completed and submitted no later than August 14 to be approved for that year.**
