## **YAMHILL COUNTY BOARD OF COMMISSIONERS COVERSHEET**

**DATE:** October 30, 2025  
**TO:** Board of Commissioners  
**FROM:** Mark Lago, Public Works Director  
**RE:** Purchase of a new 2026 MowerMax

### **BACKGROUND:**

Public Works is responsible for maintaining approximately *667 miles of roadway*, which includes ensuring that brush and vegetation do not impede road visibility, block drainage ditches, or encroach on the right-of-way. Brush cutting is a critical component of road maintenance, particularly for maintaining safety at corners and intersections, and for preventing drainage and flooding issues.

Currently, Public Works operates four brush cutters ranging in age from 2000 to 2018. These units are aging and frequently out of service due to mechanical failures and the increasing difficulty in sourcing parts. The high downtime of this equipment significantly hampers our ability to maintain the roadways in a timely and efficient manner. As these machines continue to age, the cost and frequency of repairs will likely increase, while productivity continues to decline. Upgrading this essential equipment is necessary to ensure reliable and consistent maintenance of our road network.

To improve reliability and efficiency, Public Works proposes the purchase of a MowerMax and its associated attachments. This equipment is purpose-built for brush cutting and can perform the work of two existing machines. In addition to its primary function, it also has the capability to sweep the roads following cutting operations, streamlining workflows and reducing labor hours.

The MowerMax will replace the 2000 New Holland tractor, which is currently outfitted with a Five Star mower attachment that is now obsolete and our 2017 John Deere Tractor with a Diamond Mower attachment. This upgrade will modernize our fleet, reduce maintenance downtime, and improve operational efficiency.

**STAFF RECOMMENDATION:**

Authorize the purchase of the new 2026 MowerMax Brush Cutter with attachments from Atmax Equipment Co. under the state government Sourcewell contact 032525-AMX for \$297,128.64.

**FISCAL IMPACT:** Funds will come out of the Public Works Pool Motor Vehicle Fund

**ATTACHMENTS:**
