MANAGING RETAINAGE

Pursuant to HB 2415(2019), Oregon Law now provides three options for managing retainage for construction contracts over \$500,000 in value. If the total contract price bid exceeds \$500,000, please indicate the method your firm prefers for the retainage on this contract:

- _____ (a) Deposit a bond, or securities or other instruments with the County or in a bank or trust company, and have no retainage withheld, as described in ORS 279C.560(4);
- _____ (b) Have the County place the retainage as it is earned in an interest-bearing bank account, at no cost to you, and after completion you will receive all of the interest earned along with your retainage, pursuant to ORS 279C.560(5); or

_____ (c) Have the County place the retainage as it is earned in an interest-bearing escrow account, where you will be responsible for the costs of the escrow, and will receive the interest along with your retainage, with the amount reduced by the fees charged by the escrow agent.

If neither option (a) nor (b) are chosen, the default method required by the law will be that the retainage goes into an escrow account as described in option (c). Offerors should be aware that, under option (c), it is possible that the escrow fees to be deducted could be as much as or greater than the interest earned on the retainage. There is no charge or deduction for option (a) or (b).
