Lee called the meeting to order.

John K stated that Leslie has taken a lesser salary than the other two commissioners for the past four years and has used the difference for lobbyist services for the Newberg-Dundee Bypass project, but she would now like to return to the normal salary level. He reviewed the salary costs, including the 3.2% cost of living increase approved at the May 4, 2005 Compensation Committee meeting.

Dennis moved to approve the increase of Leslie's salary to the same level as the other commissioners, \$5431/month; Ken seconded the motion. The motion passed unanimously.

The meeting adjourned at 8:51 a.m.
