

# Catholic Community Services Rainbow Lodge

Catholic Community Services' Rainbow Lodge serves as a place of respite for youth in foster care and youth living at home who receive wraparound support services. It offers these youth, ages 6-17, an opportunity to reflect on past trauma and focus on the future in a peaceful setting. It also offers much needed time away from the daily routines and challenges of growing up in the foster care/behavioral care system.

Rainbow Lodge is located near McMinnville, Oregon in a quiet, rural setting where youth in crisis receive respite in peaceful surroundings. Our team of professional youth care providers are trained and committed to offering round-the-clock, trauma-informed care for young people facing great adversity and behavioral health challenges. By providing temporary respite at the lodge, our team gives children a safe place to rest and recreate while learning skills to cope with trauma and transition.
